**Subject:** FW: ELC Annual Meeting Follow-up Call

I guess this is for people who just can't get enough of ELC. For those of you who have had enough, I will be listening in and let you know if anything important is discussed.

The good news is NARMS funding was restored – which they said would happen – but they also restored some of the Food Protection position that was cut down to 80%.

**Subject:** ELC Annual Meeting Follow-up Call

Dear ELC Grantee:

Please join us for an ELC Annual Meeting follow-up call to be held next Thursday, April 5<sup>th</sup>. We have scheduled an hour for this call but can continue beyond that if there are remaining questions. During this call ELC staff will be presenting results from our feedback request (email below) and we will have some additional comments (including discussion) on outstanding issues raised during our March 11<sup>th</sup> meeting. We hope this time and date works for you, but if not we will be happy to share this information on a one-on-one basis.

Many thanks and looking forward to speaking with you all next Thursday. Call details below:

**Subject:** ELC Annual Meeting Feedback

Dear ELC Governance Team Member:

Please visit the following link to provide ELC feedback on our recent Annual Meeting:

<https://www.surveymonkey.com/s/ELCGranteeMtg>

We would like to be able to analyze these results and hold a follow-up virtual meeting on the feedback and other issues discussed at our meeting around the end of next week (April 5<sup>th</sup> or 6<sup>th</sup>). Therefore, if you could please provide your feedback by COB Friday March 30<sup>th</sup> we would be very appreciative. You have the option of submitting your feedback anonymously. Furthermore, we are working on providing all of the meeting Power Point presentations and additional handouts on an FTP site, so these are forthcoming.

Thank you for your participation in our recent meeting. As always, please let us know should you have any questions or concerns.

All the best,

Alvin Shultz, MSPH
